

Volunteer report by Melike DAĞDELEN
European solidarity corps volunteer at Kindergruppe Simalabim
from October to July

Hiiii I'm Melike

I volunteered at Kindergruppe Simalabim. It was an exciting, instructive process that helped me get to know myself. Although I am tired, I left this process happy, adding new information to myself and knowing that I will miss this place. During my project I had so much fun with kids and my colleagues. They were always so nice to me. I felt lucky working with my team. My tasks were playing, painting, reading with kids, helping children with their daily routines and helping with preparing lunch and snacks. The kindergruppe in my project was based on the Montessorri training. I had the chance to observe children and be a part of this education. Thanks to this project I improved my German a lot. Also I'm very grateful for the people I have met. It was really nice to get to know people from other cultures. I'm happy that I had to chance to meet with all. It was unforgettable experience for me. My advice to next volunteers is just live the moment and know you will enjoy it.
